

Human Resources

10 ways **Office 365**
empowers HR

Create secure appraisals,
and add approvals with
SharePoint online.

**Align employee and
company objectives**
with SharePoint online.

**Store, centralise, and surface
employee contacts** from any
device through Outlook, and
SharePoint Online.

Keep employees up-to-date
about company events on
Yammer, the enterprise social
network.

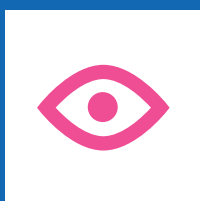

Upload new job descriptions
and share secure links on the
easy-to-use, OneDrive cloud
storage service.

Use discretion to check up on employee welfare with Skype for Business.

Create a training portal for new starters with SharePoint Online.

Obtain insights by creating secure employee surveys with SharePoint Online.

Take Office 365 with you on any connected device. No VPN connection required.

Create secure document shares by defining flexible permissions.

Our Expertise, Your Potential.
